APPLIED

SUICIDE INTERVENTION SKILLS TRAINING

Applied Suicide Intervention Skills Training (ASIST) is a two-day interactive workshop in suicide first aid. **ASIST** teaches participants to recognize when someone may have thoughts of suicide and work with them to create a plan that will support their immediate safety. Although **ASIST** is widely used by healthcare providers, participants don't need any formal training to attend the workshop—anyone 16 or older can learn and use the **ASIST** model.

DATE:

JUNE 9TH

9am-5pm
