WHAT IS THE ONTARIO ELECTRICITY SUPPORT PROGRAM?

If you're in a lower income home you may qualify for a reduction in your electricity bill through the Ontario Electricity Support Program (OESP).

HOW DOES IT WORK?

If approved, OESP will reduce the cost of your household electricity by applying a monthly credit directly to your utility bill. The amount of the credit is based on two factors:

1. How many people live in your home
2. Total combined household income
