Six Nations Elected Council Celebrates the Life of Educator Dawn Tanner

Six Nation Elected Council extends our deepest sympathies to all the victims of the tragic Ethiopian Airlines flight crash. Our condolences are especially with the family of Dawn Tanner who was aboard the Sunday (March 10) flight headed to Nairobi, Kenya.

Prior to joining the Grand Erie District School Board, Dawn Tanner had a direct positive impact to the Six Nations Community, teaching at JC Hill Elementary School helping to shape the lives of many of our young students. Dawn also gave time to helping with the Homework Support Program at Six Nations Polytechnic. She had been serving in the role of Department Head for Special Education at Hagersville Secondary School, prior to her tragic passing.

We acknowledge Dawn for her caring approach and dedication demonstrated in advancing the character and growth of our Six Nations Students. We extend our thoughts and prayers at this time to Dawn's family and friends, as well as to all her students impacted from this tragic loss. Dawn will be deeply missed, but will live forever in the hearts and minds of the Six Nation community.

Additional Support will be provided during this difficult time by the Six Nations Tragic Events Response Team (TERT), throughout the following week Students return from March Break.
