

Tax Exemption

- 
- If you are eligible under the Indian Act, you may claim an exemption of the HST for goods and services supplied on a reserve.
 - Eligible residents in Ontario or on the Canadian side of the Akwesasne Reserve may also claim an exemption for qualifying goods and services acquired off a Reserve. The off-Reserve exemption only applies to the 8% Ontario component of the HST. Goods such as mobile phones and HD PVRs, for example, as well as telecommunications services qualify for the exemption.
 - When claiming any tax exemption, you need to present your Certificate of Indian Status Card issued by Indian and Northern Affairs Canada
